“Getting to know Brixsan, understanding their mission and working closely with them has been a total inspiration. I admire Hugo and his team for the great work they do and their commitment to sanitation in the most vulnerable areas of Peru. I hope that our contribution will help them to continue to grow. It has been a real pleasure to be their mentor.”

“We made the great decision to apply for the first Latin America Cohort of the Toilet Board Coalition Accelerator to implement a marketing and business scaling plan. The programme has lived up to our expectations and we have received constant support from our mentors at Kimberly-Clark.”
