Operating in Burkina Faso

Toilet Marketplace

ABOUT ENER-AF

Founded in 2019, Energie Eau d'Afrique builds eco-friendly toilets for households, as well as mobile and public toilets, all equipped with Sato Pan, Sato Flex, and Sato Stool. The company also provides maintenance services for these facilities and plans to develop a biodigester to treat wastewater and produce biogas. Its primary target market is low-income communities

ENER-AF'S IMPACT

*Business impact numbers from establishment to date

250 Sanitation services safely managed

1250 people served through shared facilities

50 Shared (public) facilities in service

ENER-AF'S 12 MONTH ACCELERATOR JOURNEY

Energie Eau d'Afrique worked on lines of business analysis, new business model, value proposition and marketing

Entrepreneur

Benjamin Kientega
Energie Eau d'Afrique

"Our experience with the Accelerator has been very positive. It has allowed us to work on our market, explore how to expand it, and, most importantly, how to increase our sales."
