

20 ACCELERATOR 25 IMPACT STORY

ABOUT AAP FARM

AAP Farm provides a solution for managing waste recycling by compiling solid waste from wet markets to feed the black soldier fly (BSF) on their farm; the company markets BSF larvae to local farmers—including chicken farms, fish, and shrimp farms.

AAP FARM: 12 MONTH ACCELERATOR JOURNEY

Refined AAP Farm's strategic priorities with a focus on strengthening the supply chain, improving operational efficiency, and expanding market channels, while also enhancing investment readiness through the development of a new pitch deck and detailed financial projections.

Rasmey Heang
Toilet Board Coalition

ACCELERATOR COACH

"Transforming organic waste into value through aquaculture is a remarkable sustainability solution, and I am proud to support the entrepreneur in advancing it further."

Muniratha Them
AAP Farm

ENTREPRENEUR

"Being part of the Toilet Board Coalition Accelerator has empowered AAP FARM to scale our Black Soldier Fly (BSF) larvae production, transforming organic waste into high-value, sustainable feed. This journey strengthens our mission to build a circular economy and create cleaner, greener livelihoods for farmers in Cambodia."
